

DEAR FRIENDS,

I am so happy to inform you that our tennis program has finally taken off! We are offering free tennis lessons for beginner, intermediate, and advanced players. My goal was to get people to use the tennis court that I built. It cost me a small fortune and I have never seen anyone on it! Not all my ideas are good ideas. I decided the only way to get people out there is to offer free lessons so they could improve their game and take advantage of the court. When you see people there in the future, I want you to think of me and how happy I am to see it being used.

Amy, our landscaper, is working very hard and I can't wait to see the finished product this spring. We take a lot of pride in the landscaping and the grass here. I also hope to see people start to use the meditation cube that I built. You can go in there and talk to somebody or have lunch on nice days. Like the tennis court, I have never seen anyone in it, so I am asking you to give it a try.
