

DEAR FRIENDS,

We did our last major repaving at 3 Corporate Drive last month. Joe Delco and his team did a fabulous job moving people around and completing the repaving as fast as possible. I personally want to thank and recognize our Facilities Department for their effort.

On August 29th, we will be holding our annual Labor Day Picnic, and we are all gearing up for it. You will receive information on how to register soon. Let's pray for good weather. The annual RD Scinto Family Day Carnival will be taking place on September 21 & 22. Have a wonderful rest of your summer.

If you do not currently receive our emails, you can sign up for them at Scinto.com or by sending an email to Newsletter@Scinto.com.

TENANT SPOTLIGHT - GRIFFIN HEALTH

Griffin Faculty Physicians opened its new **Family Health Center at 110 Commerce Dr.**, in Shelton this April ushering in the next generation of primary care.

The office sets a new standard in person-centered primary care, featuring 24 exam rooms with a unique design and the latest technology that promotes person-to-person interaction between patient and provider for improved consultation and preventative health education. The spacious office has a relaxing, spa-like design that will be home to nine primary care providers and offers patients a multitude of care services at a single location, including:

- Onsite X-ray and lab services
- A patient resource and education center
- Integrated care with genetic testing, remote health monitoring, diabetes education, behavioral health support, geriatric assessments, and future access to visiting Griffin Faculty Physicians gastroenterology, endocrine and cardiology specialists

Patients will also have ease of access with online scheduling and check-in, and extended office hours, including weekend availability.

"Griffin Faculty Physicians and Griffin Hospital are helping to transform the state's healthcare landscape and defining the high-performing health system of the future," said Adam Dworkin, JD MBA, executive director of Griffin Faculty Physicians. "The innovative design of this office will enable us to provide better care for our community with a focus on preventative health and chronic disease management. All of this is aimed at keeping people healthy and out of the hospital."
