

DEAR FRIENDS,

This year we will be holding our 5th annual RD Scinto Family Day Carnival! It has been one of the best things we have done. So many people have told me that they have worked with their coworkers but had never met their family. The carnival gives them an opportunity to meet. I came up with this idea after I took 6 of my grandchildren to a carnival and spent over \$200 in 20 minutes. The kids had so much fun that I thought it would be a great thing to do for our tenants and their families. Pray for good weather and we will see you on September 21st & 22nd. Information will be sent to each tenant soon and is available to the right of this letter and on our website at www.Scinto.com/events/2019

If you do not currently receive our emails, you can sign up for them at Scinto.com or by sending an email to Newsletter@Scinto.com.

Bob Scinto

R.D. SCINTO NEWS AND EVENTS

September 2: Labor Day

September 21 & 22 : Family Day Carnival

October 31: Halloween

Amerilert: In the event of an emergency, R. D. Scinto uses an **Emergency Notification System** to notify tenants of an emergency that could affect use of or access to their facilities. Events such as extended power outages, loss of HVAC, fire, flood, or police activity. We provide timely and factual information updates vital to making business continuity decisions. If you are a Senior Manager, HR Manager, or responsible for such decisions, we urge you to sign up now.

SEND AN EMAIL TO security@scinto.com TO RECEIVE THE (3MINUTE) SIGN-UP INFORMATION.

**If you do not already receive our emails, sign up for email updates on our website or by sending an email to newsletter@scinto.com that says "sign me up!"*

MARK FEINBERG D.M.D.

Specialist In Orthodontics

Healthier Gums- Invisalign aligners are removable so patients can brush and floss normally which can help prevent periodontal disease and tooth decay. Research has shown that gingival health may improve during Invisalign treatment.

Easier Cleanings- The chances of having plaque retention, tooth decay and periodontal disease can be reduced with properly positioned teeth.

Less Stress- Properly aligned teeth are less stressful on the supporting bone and can provide better function. Invisalign offers an alternative to aggressive, restorative solutions for orthodontic problems.
